

Technische Fiche: LIG15L0401

# VITO DC LED 37W 3500lm/840 20° wit

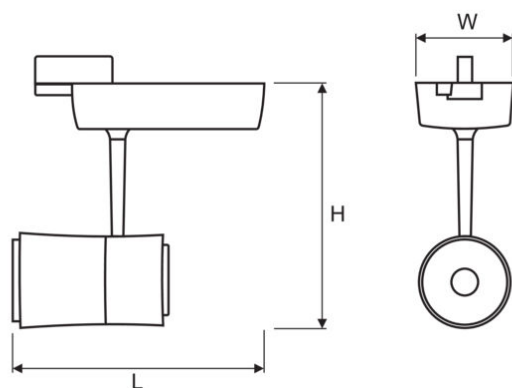

## Lichtverdelingscurve

## Technische gegevens

|                            |                    |
|----------------------------|--------------------|
| Kleur                      | Wit                |
| Stralingshoek (°)          | 20                 |
| Lamphouder                 | LED printplaat     |
| Vermogen (W)               | 37                 |
| Systeem efficiëntie (lm/w) | 95                 |
| Lichtkleur                 | Neutraalwit        |
| Kleurtemperatuur (K)       | 4000               |
| Kleurweergave-index (Ra)   | >80                |
| Lichtstroom (lm)           | 3500               |
| Levensduur (h)             | 60.000 / L80 / B10 |
| Beschermingsgraad          | IP20               |
| LxBxH mm                   | 240x92x235         |
